### **WHY?**

I am frequently asked "what is the catch?" Plain and simple, there's no catch, no cost and or any obligation whatsoever.

It all started with people asking me for recommendations and or information for a Home Inspector, an Electrician, Plumber, Mortgage Broker, Notary, Fencing company, Moving company and or even just a good place to eat. As well I am continually asked for Community information such as: *City Hall, Regional District, Rotary, Recreation centre, School District, Theatre etc.* So that is where the idea was born, and why it is what it is today. ( Plus over \$3000 and months and months of my time... I sort of got carried away haha )

Owning the domain name [shuswapBC.com](#) does not hurt either. It has to be one of the best domain name out there that reflects Shuswap BC.

I just finished the current version of my site a month and a bit ago and I have about 160 businesses on the site so far. With another 25+ in the works. My goal is to have 500 by the end of the year, and to double that for the following year.

For me the more people that visit my site, the higher I am in the searches, so besides being good for my site, there is no other local directory that offers what I am offering with everything all in one place. My goals are for it to be the #1 site to start your search within the Magical Shuswap ( Does not hurt to dream big :) )

Please let me know if you would like to be included and I will send you an online form, or you can click on this [Request Form](#). If you have any questions about the page, please give me a call or email anytime from the below contact information.

Cheers, Paul
